

Identification mode	Fingerprint/Card/Passcode
Communication method	USB2.0,TCP/IP
RFID technology	13.56 MHz Mifare card +125KHz ID card
Key	Touchscreen
Recognition speed	< 0.1s
Fingerprint capacity	3,000(standard), 30,000(optional)
Card capacity	3,000
Password capacity	3,000
User capacity	3,000(standard), 10,000(optional)
Recording capacity	200,000
Support language	English, other languages can be selected
Operation system	LINUX
CPU	400MHZ
Storage capacity	8G
Comparison method	1:1 or 1: N
Display	2.4-inch TFT color LCD, resolution 240*320
Dimensions (W x H x D)	203mm x 72mm x 31mm
Appearance	Slim and Elegant Design
Functions	LCD display/Speaker Voice/Beep sound
Power Input	DC12V/2A (DC9V-14V)
TCP/IP	Support
Wi-Fi	Optional
Attendance management	USB disk output
Access authority	255 Time periods, Anti-passback
Alarm	Tamper alarm, Illegal intrusion alarm, Door-unclosed warning
